"Close to the Edge" @ Subway Gallery An [exhibition](#) by Linda Lieberman

Exhibition Opening: 4th April – 28th April 2007, 11am - 7pm

This is part of a series of photographic work by Scottish artist, Linda Lieberman.

The images have recently been described by a critic as 'visceral' and 'demanding', which suggests the urgency about their subject matter; the oceans and seas, which face an unpredictable future.

The images combine the sinuous lines of the human body with creatures from the sea. Each is a beautiful example of the dichotomy between the natural world and mankind's devastating effect on it.

Man cannot ignore what feeds him socially, politically, economically, and most importantly spiritually.

Some of this work can be viewed on a forthcoming BBC1 series in the spring.
